

BUILDING A ROPE BRIDGE

PLAN

- Why do you want to build a rope bridge?
- Do you have an expert rope bridge builder? Or do you have some instructions to use?
- Where will you build it?
- What skills do you need to learn, or get someone to help you with, to be successful?
- Who is going to be in charge of keeping everyone safe?
- Where will you get all the ropes, poles, and tools from?
- Make a plan. Draw what you want to do.
- What will you do with the bridge after it is built?
- Use time wisely. Make sure you have enough time to build, use and pack up your rope bridge.

DO

- Ensure all members are involved: participating, assisting, or leading
- Use your plan to know what to do next.
- It's okay if you need to change the plan as you go along.
- Make sure everyone knows the safety rules.
- Help and support each member of the patrol or unit to be successful.
- Have fun and make sure everyone is included.

REVIEW

- What is something new you have learnt by building a rope bridge?
- How has each member developed by participating in, assisting to lead, or leading this project?
- Did you have to vary the plan? What made you do this?
- Was this project fun?
- Was it adventurous? Was it challenging? Was it inclusive? What makes you say this?
- Have you achieved your purpose for building a bridge? What makes you say that?
- How does each member of the patrol feel about the project? What can be learnt from this?
- What parts of the Scout Method did you use with this project?

PLAN>DO>REVIEW> CARD

BUILDING A ROPE BRIDGE

Members of your section want to a rope bridge as part of the award scheme. Working through the following steps, discuss the *planning*, *doing* and *reviewing* for this activity.

Not every question needs to be asked as the content may be discussed as the conversations evolve. These questions don't always have to be discussed in this order, this is simply a guide to help you **Plan>Do>Review>** your next adventure.
