- How can we map this survival camp to the award scheme?
- Should we get expert advice or outside assistance from someone?

DO

- Who is the activity leader and how can we facilitate their success?
- Are we following the plan? Do we need to adapt to different situations?
- How are we monitoring group risk and safety?
- Are we all having fun and being challenged? If not, can we change that?

REVIEW

- What did we learn that was new or interesting?
- What is something we need to remember to do differently next time?
- How were we challenged in a new or interesting way?
- What was something the group struggled with?
- In what way did the group do something really well?
- After completing the camp, who from the group is a survival expert you would want on a desert island with you?
