

Wood Badge Centenary Events Throughout Queensland

It's been 100 years since Wood Badge Training began. Lots of commemorative events are being held across Queensland on the weekend of the 7th September 2019. The locations running events, and their local contacts are listed in the table below. All current and past adult leaders are welcome whether they have a wood badge or not. In the last few months, many would have met Queensland's Wood Badge Centenary Mascots who have been travelling around meeting adult members. Details and photos of Que and Matilda Koala's journey so far are at: <https://scoutsgld.com.au/members/leadership/training/wood-badge-centenary/>
