

CREATIVE

Opportunities

Plan ►

- What does equal opportunities mean to you?
- How can we enable the voices of young people to be listened to?
- What is an issue, problem or cause where people or animals are not treated equally or fairly that you are keen to speak up about or make a difference for?
- Design a resource or activity that can help others to be aware of what you are keen to make a change in or for.

Do ►

- Develop your resource or activity – it could be a poster, a skit/play, a video, a series of photos, a presentation, a book, or something completely different!
- Do you think there are groups of people who have less opportunities than others?

Review ►

- Where could you use your resource or activity to help others learn about the cause(s), issue(s) or problem(s) you explored?
- What have you learnt through the process of researching and developing your resource or activity?

Share your experience with your peers and discuss how each of you might tackle this differently next time
