

Reducing Waste

PERSONAL GROWTH

Plan ▶

- Think about different ways that you buy wasteful things
- Talk about ways that you can reduce the waste packaging that plagues so many products
- Talk in your Patrol about how you can reduce waste
- What are some ways you can be innovative in your production and consumption of things?
- Learn about the 'Boots Theory' and how it relates to things you buy

Do ▶

- Attend a public conference or presentation about production and consumption waste
- Create an awareness poster for your Scout Group or community about excess packaging and waste
- Can you start a battery recycling program?
- Can you collect rubbish from your local area and responsibly dispose of it?

Review ▶

- Talk with your Unit about the 'Boots Theory' and ways that you can support the community
- Throw around the Plan>Do>Review> ball and discuss your buying habits
- Reflect on your impulse purchases
- Think about how you can reduce and reuse, as well as just recycling

Share your experience with your peers and discuss how each of you might tackle this differently next time
