

## Aquatic Adventures

OUTDOORS

### Plan ►

- What is the closest large body of water to you?
- How is the waste water from your Scout Hall dealt with?
- Do you have timed shower, tap and reticulation heads?
- What are the minimum catch sizes for fish in the bodies of water near you?
- What are some ways to collect water in a survival situation from your local area?

### Do ►

- Go catch and release fishing
- Suggest improvements to your Scout Hall's waste water management plan
- Go snorkelling in the nearest appropriate spot
- Speak with an expert about local aquatic life
- Practice some ways to collect water in a survival situation from your local area

### Review ►

- Throw around the Plan>Do>Review> ball and talk about what you have learnt
- Share stories about your water activities fishing, snorkelling and collecting water
- Reflect on how we can all save waste water and preserve the aquatic creatures near us

Share your experience with your peers and discuss how each of you might tackle this differently next time
