

## Lovely Land Life

OUTDOORS

15 LIFE ON LAND

### Plan ▶

- What are the animals that live near your Scout Hall?
- Are there any protected land areas in your community?
- Talk about some ways that you can preserve the flora and fauna around you while bushwalking
- Are there any endangered or threatened animals that are native to your area?
- What are some ways that you can look after the land life in your local area?

### Do ▶

- Go on a spotlighting bushwalk at night and spot animals
- Are there any ways that you can improve your Scout Hall to be more supportive of local animals?
- Help out the local council or body when they put more food in possum/wildlife boxes
- Invite an expert to talk with you about land life
- Use paint to re-create the animals that you saw on the bushwalk

### Review ▶

- Use the Plan>Do>Review> ball and talk about what you have learnt
- Share stories about your bushwalking activities and wildlife encounters
- Help another Scout Group organise a visit from a wildlife expert

Share your experience with your peers and discuss how each of you might tackle this differently next time
