

Develop a Learning Aid

CREATIVE

Plan ►

- What does 'quality education' mean to you?
- How does Scouting help you learn and develop?
- What can you do to help others learn?
- What could you do to support children in other countries to learn?
- Design a resource that would support children who speak another language to learn about something you do

Do ►

- Develop your resource
- How does this help other people learn?
- Could the same resource be used to help others learn a range of things?

Review ►

- Who might you share this resource with?
- How has this helped others learn, or how can it help others learn?
- Describe how you worked towards completing this task
- What other ways can you help children who have less access to learning opportunities than you?

Share your experience with your peers and discuss how each of you might tackle this differently next time
