

## When we grow up....

COMMUNITY

### Plan ►

- What is your dream job?
- What skills do you have that you want to get better at?
- What is something you want to learn about that you don't think you know much about now?
- Does someone you know have a job that you would like to do, or learn more about
- Invite parents, friends and community members to a "when I grow up" night to learn about their jobs

### Do ►

- Run a "when I grow up" night
- What questions would you like to ask of people who are sharing their skills?
- Are there any jobs that you think are really interesting?

### Review ►

- What skills did you learn, or learn about, from others during the night?
- How could you develop special skills that will help you in the future?
- Were there any jobs that you think might disappear in the future?
- Can you think of a type of job that doesn't exist now which might in the future?

Share your experience with your peers and discuss how each of you might tackle this differently next time
