Scouts Australia is a Child Safe organisation. Scouts Australia is inclusive of all, regardless of gender, sexuality, race, religion, or abilities and does not tolerate any form of harm, abuse or neglect.

OBJECTIVE

The aim of Scouting is to encourage the spiritual, physical, intellectual, emotional, social and character development of young people to enable them to become resilient, self-confident and responsible citizens.

This is achieved through an active, adventure-based program, which develops initiative, teamwork and leadership skills so young Australians can attain their full potential, both as individuals and members of their local, national and international communities.

This role is to advance the Adventurous Activity Training offering to adult members of the Movement and monitor the integrity of that offering against the Australian Adventure Activity Standard and the Scouts Australia National Adventurous Activities Framework.

Scouting is the largest non-formal educational youth organisation in the World with over 50 million members. In Australia, Scouting has a membership of approximately 70,000, of which approximately 50,000 are youth members or young adults with the remainder being older adults supporting the delivery of the program.

ROLE OBJECTIVE

OBJECTIVE

The Scout Association of Australia is responsible for designing and operating a national curriculum for the training and development of Adults in all functions and at all levels. The curriculum, operating as a system, includes the acquisition and development of the knowledge and skills necessary for each function and the personal development of Adults. It is flexible and allows for previous experience and skills to be evaluated and allows for the acquisition of additional skills and knowledge.

The Adult Training and Development (ATD) program is specially designed for Australian Adults in Scouting and Australian conditions. It complies with the objectives of the World Organisation of the Scout Movement (WOSM). This program includes the integration of the new Leader, basic, advanced and supplementary training and support for the duration of the appointment and other key non-uniformed roles as defined in the WOSM Wood Badge Framework.

The program offers a blend of both self-paced On Demand Learning and face-to-face training interventions which are sequentially positioned in the development of the Adult.

Some components of the ATD program are (also) offered to youth members and participation in the program may potentially lead to more formal qualifications through the Scout Australia Institute of Training, a Registered Training Organisation, operated by Scouts Australia (refer <https://scouts.com.au/members/training/qualifications/> for more specific details).

A National Team of Trainers and Branch appointed Guides, Activity Specialists, and Personal Leader Advisers support the implementation and evaluation of the ATD program.
