Plan>

1. Gather a stack of sustainable and recycled paper (as a minimum 1 per person).
2. Collect some textas or pencils to draw the poster.

Alternatively, experiment with technology by using a tablet or a computer.

Do>

1. With your Unit, discuss what you can do to help the environment. For example,
 - Can you install recycling bins in your hall and home?
 - Can you cut down on car journeys by walking or cycling or using the bus instead?
 - Can you switch off lights when not in use?
 - Can you avoid disposable plastics?
2. Make a poster to encourage others to take action and display your work in your Scout Hall.

Review>

1. What did you learn?
2. Did you have fun?
3. How could you demonstrate to your family about being more environmentally friendly?
