## Plan>

1. Choose a country you are interested in.
2. Research that country's involvement in artistic history.
3. Research what type of art the country creates e.g. origami in Japan.
4. Remember, dance/theatre/music are also forms of art.

## Do>

1. Gather resources needed to create your art.
2. Create your art - whether a painting, song, dance, scene.

For example: You can make a scene made entirely of origami pieces.

To take this further you can even add a story to it and present it to a younger section.

## Review>

1. What is the cultural impact of this art form in the country?
2. Which piece of art are you most proud of creating?
3. How can you display the art you created?
4. Why is art and creativity important to you?
