Plan>

1. Consider all 17 SDGs and the issues they represent.
For example:
 - Standing up for justice and equity
 - Global interdependence
 - Sustainable way of living
 - Respecting diversity and identity
 - Conflict resolution and cooperation

2. The Activity Leader should research a list of organisations that work in the community for each of the issues listed.

Do>

1. As a Patrol, choose one issue and one organisation from the list provided by the Activity Leader.
2. Research existing projects offered by the organisation.

For example: beach cleaning, mobile phone recycling, garden clean ups, etc.

3. Contact the organisation and arrange to join their initiative, or ask for their help in creating a local project.

4. Plan the project with your Patrol. Make sure everyone is involved in making the decisions about how the project will work, and what they will do to take part in it.

5. Carry out the project over 2-3 months (or 3-6 sessions).

Review>

1. Arrange a celebration at the end of the project and invite someone from the organisation or who has benefited directly from the project to acknowledge what was achieved.
2. Discuss what you could do differently next time.
3. Promote your project by making a video, writing an article, or giving a presentation to another Unit or in your local community.
