## CHC24015 Certificate II in Active Volunteering

The Certificate II in Active Volunteering reflects the role of entry level volunteer workers. At this level, work takes place under direct, regular supervision within clearly defined guidelines. This qualification may be used as a pathway for workforce entry. Organisations may require volunteers to undergo relevant background checks.

To achieve this qualification, the candidate must have completed at least 20 hours of volunteer work as detailed in the Assessment Requirements of units of competency.

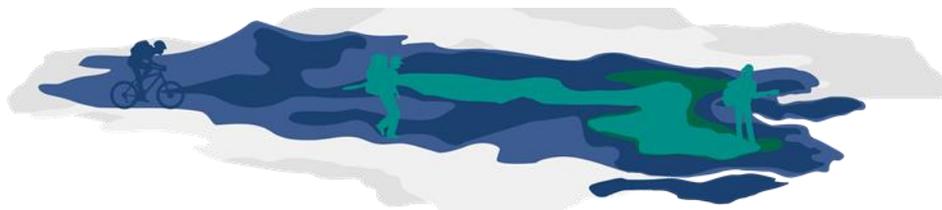

### Learning Pathways

To achieve the Certificate II in Active Volunteering as a Venturer Scout in a manner that you can use on-demand learning, structured learning and practical experiences that contribute to learning by doing to achieve this qualification as a part of your secondary school certificate of education you will need to;

- Have at least six (6) months Scouting experience.
- Have completed at least Milestone 1 as a Venturer Scout

## Learning and Assessment

There are two ways Venturer Scouts typically complete qualifications via the Scouts Australia Institute of Training:

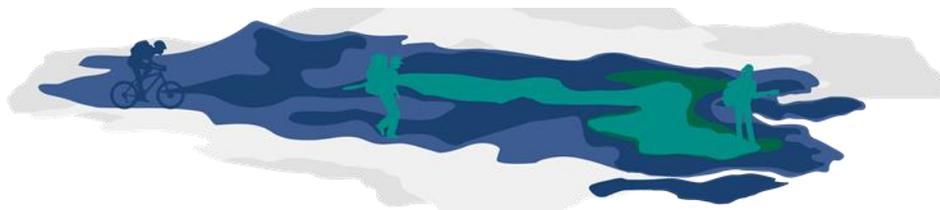

- If not including qualifications in your secondary school certificate of education you can submit current evidence at any time that you are a member of Scouting. While you are at school, after you have left school, while you are a Venturer Scout or after moving into Rover Scouts. You are assessed on the evidence you have provided and if there is not enough evidence the assessor may ask you to provide other suitable evidence which may or may not include the on-demand learning.
- When completing a Vocational Education and Training qualification connected to school outcomes you **must complete** this within a specified time frame. The use of the on-demand learning provides you with learning materials that assist you to complete the qualification/s within the limited timeframe you have to ensure that they are included in your secondary school certificate of education.
