Scouts Australia is a Child Safe organisation. Scouts Australia is inclusive of all, regardless of gender, sexuality, race, religion, or abilities and does not tolerate any form of harm, abuse or neglect.

OBJECTIVE

The purpose of the Scout Movement is to contribute to the education of young people in achieving their full physical, intellectual, emotional, social and spiritual potentials as individuals, as responsible citizens and as members of their local, national and international communities.

This is achieved through an active, adventure-based program, which develops initiative, teamwork and leadership skills so young Australians can attain their full potential, both as individuals and members of their local, national and international communities.

Scouting is the largest non-formal educational youth organisation in the World with over 50 million members. In Australia, Scouting has a membership of approximately 70,000, of which approximately 50,000 are youth members or young adults with the remainder being older adults supporting the delivery of the program.
