

16TH NEW ZEALAND VENTURE - AUSTRALIAN CONTINGENT

# VENTURE VOICE

ISSUE 3 - THE NEXT CHAPTER

## PHASE 1 AND 2 VENTURE INFORMATION

As we are now into Phase 1 of the Venture, you will be receiving more information from the Venture from New Zealand themselves regarding activities, schedules and important info. For more information, scan the QR code on your NZ ID card. Please remember to continue using your Australian ID card for the Contingent Hotline, as well as the Australian Contingent QR codes for photos, newspaper submissions and reading, and incident reports.

### CONTINGENT SHOUTOUT

#### Travel Team 15

Absolute legends, respectful, well organised, great at check-ins, stayed together as a team, and always on time.

#### James W

He shows incredible resilience, consistently supports his peers, handled losing his passport just before the trip with courage, and always takes responsibility by correcting his mistakes.

### HELPFUL TIP OF THE DAY

Build in downtime. Travelling and big days can be tiring, so take short breaks, put your feet up when you can, and don't feel guilty about slowing down, rest helps you make the most of every experience.

### THE ADVENTURE'26 PHOTO COMPETITION

Share your best snaps from Launch Day and throughout the event for your chance to win epic AdVenture'26 merch.

How to enter: Scan the Event QR code.

The album goes live on Launch Day and stays open all event, so keep the photos coming!

By uploading, you agree that:

- Your photos will be publicly visible
- They may be used by AdVenture'26 & Scouts Aotearoa for publicity
- You're happy for the images to be shared
- We can't wait to see AdVenture'26 through your lens.
- Good luck and happy snapping!

If you want it shorter, more hype, or more formal, say the word.

**Have some cool photos?  
Feel free to share it  
with the Australian  
Contingent via the QR  
and Dropbox.**

Phase 2 at Brookfield has limited or no mobile data service. There is free wifi available. To call the Contingent Hotline Phone from wifi please turn on wifi calling in your settings or use WhatsApp.
